Requesting Medical Records

At times, you might need to request your medical records. Our office can assist you with copying any records you need.

If you want to send the copy directly to another provider, please print and complete the [Medical Release Form](#) (*for existing patients*) and deliver it to our office. There is no fee associated with forwarding the records; however, you will not be given a copy of the records.

If you want a personal copy of your records, the following charges apply (*as of 10/01/2010*):

- \$25.00 clerical fee, **plus**
 - \$0.50 per page up to 30 pages
 - \$0.25 per page for each additional page more than 30

Please ask for an estimate of charges prior to requesting your records.

Thank you for your understanding.
